Dear Reinhard Machowinski and other friends,

It is absolutely necessary that each and every good soul must understand what the great inner power is. The inner power is the gift of God. It comes and throws its divine light like a spark because of one's good karma in previous incarnations. Today Machowinski, I want to tell you certain things.

When I was staying at 53 Platanenallee straze; the great paradise. One evening before going to the meditation hall, you showed me and gave me a big wooden tree's branch, like a stick more than 6 feet long. I took it in my hand and I felt the divine energy in that stick. After this incident a lot of good changes happened with you. I notice each and every moment. Your interest towards walking on the water, swimming in the water, and enjoying the water, I know how you are connected with water, with the earth, river and sea. With pride and pleasure today, I want to tell you the most

important things which are connected with you, with the grace of the divine Mother Mary. Your pilgrimage to SANTIAGO happens because of your good karma in previous incarnations. At that time so many people said some things, but I strongly say that divine guidance is with you. You have started the pilgrimage to Santiago by foot, the courage, the strength to believe in oneself, to learn from Nature and to adjust yourself with Nature will take you to Santiago. During your step by step to Santiago by foot, what a thrilling experience! You have got a lot of divine light, and sound which gives you courage and strength to walk further without feeling any tiredness.

Dear Balaji, it is a gift to you by the divine Mother that Nature started speaking with you during your pilgrimage. With divine guidance, you will reach Santiago, your guide is nothing but the Almighty Himself. My dear boy, what a great soul you are! After coming home, every one of our friends is looking at you with different eyes, full of praise of divinity. During your pilgrimage, even today on your voyage in your ship you started behaving yourself as per Nature. The force, the calmness of Nature comes into your soul, and guides you. Nature always wants to help you. During your voyage through the great rivers in Germany, Austria, Poland, Italy, and your voyage in the great Baltican Sea, other places.

How much experience Nature teaches you. I am sorry, I don't want to use the word "teaches you", Nature made you understand about the great significance of naturality.

Now I want to say a few words about the voyage. Even though the sea is very rough, the Mother gives you a smile, and takes you in the right path, in the right direction. Your ship is a small one, not a big one with thousands of people. Your voyage by the great divine ship started from the river, went along with the river and sea. You are able to understand differences while sailing in the river and the sea, and its behaviours. That is the greatness of your good karma.

I am sure you learnt the great lesson in this long voyage with Nature; that Nature loves you, and gives you strength not only mentally, but physically. Please say "Danke! Danke!" to God. I congratulate you my dear Machowinski, your great enthusiasm at the same time your deep feeling and joy with God (Nature Mother). I am sure you have returned back with full peace, harmony, and divine experiences. Back home the great paradise Platanenallee Straze an der Mulhiem an der Ruhr. A pilgrimage to Santiago, the voyage in river and sea, and your ambition is fulfilled by the grace of Mother Mary. Be cheerful, happy and strong, that is my wish and prayer.

Mr. Reinhard Machowinski, CONGRATULATIONS TO YOU!

Danke,

Dear Rupa,

I am extremely happy that you have taken the decision to take a holiday from Mulhiem to Wien. More than that, your stay with the great Varshini, and Yogeshwara is so wonderful. Both are very great souls full of love and affection. Their compassion, their devotion, are unexplainable. Please convey my greetings, and sincere prayers to Varshini, Yogeshwar, and their family (son and daughter). Living together with good souls, moving with divine souls is a great opportunity for one who is having the chance. Hey Rupa, hats off to you for taking the decision to go and stay with Varshini, which is a beautiful, pleasant, and memorable time with them.
