Dear Rupa and friends,

Faith, devotion, and determination keeps you towards the path of right, and the path of love. Love is a gift to you by God. Why? Because love is a formation of God. You cannot divide the soul and love. Both are the same. When you feel, enjoy, and experience, the soul is enlightened. That means you are free of burden, your direction, your thinking, your work, whatever it may be, comes out with radiant grace. The grace of God. The radiant grace of God. The grace of God is within you, that is love. You are yourself when you love everyone.

Love is nothing but the soul. The soul is purified by God. That is the lotus. It gives not only prosperity, it gives you inner strength, that is the Shakthi, better and stronger. Which gives you, makes you happy, the happiness that lies within you is everlasting. What a wonderful world you and I are living in this worldly life.

## Healing Power

Because the soul is full of enlightenment, it is in bliss. Of the world, the very world. Anywhere onwards, any direction, anything else, it feels each and every individual. Healing is nothing but removing the fear inside of everything else, bringing peace and compassion. It will give a great inner self strength, or inner strength to anyone the soul gets healed. The soul not only gets healed, it gets enlightenment. Healing is nothing but this behaviour, which is nothing but enlightenment.
