OM Narbhavi

Divine angels bring abundant blessings from Mother Mary. My dear friends, and devotees, it is the time not only to get the blessings, but also to realise our duties with determination. One has to realise the greatness of the birth in this universal life, and at the same time realise our duty in order to prosper in all the ways of our life. Love our elderly people, respect them, and take care of them. It is the ultimate duty in our life.

Lifetime achievement is nothing but to become a realised personality with the fullest purified soul. One thing is most important: In order to survive with peace, prosperity, and harmony, compassion is most necessary. Get together, do good social service with full heart and devotion. Elderly people by nature feel everyone is neglecting them and try to be put in an old-age home, etc. If you do some service to them and meet them often,

and offer good help and service, they will be very pleased. They will forget their sorrows, and ups and downs.

Today in the modern world, we are always speaking about civilization. What do we mean by civilization? Just the modern comforts and joy, is not civilization. The culture of the nation is most important. Dear friends, you are very lucky that your country has got a great traditional culture, and always think to do good, say good and make them happy. My dear devotees, and friends, what a wonderful opportunity you have got from your elderly people in your country.

One must deliver good words, good courage, strength, and lend your helping hand to others. If a hungry man is coming before you, and you give bread, how happy is he? God has given this opportunity to you to give at least a piece of bread to a needy person. Like that, share your peace, happiness, harmony with each and everyone. We are all brothers and sisters of this great country! Your prayer must be for the sake of the country. If the country is prosperous, full of natural wealth, and full of hard work of the people, it makes it a glorious way to live joyfully.

My dear friends, always feel that your house is a paradise. When you walk through the streets, meadows, mountains, and valleys, not only are you enjoying nature, but at the same time nature cures the ill feelings, the sufferings, and whatnot. How beautiful? **NOW YOU ARE A HEALTHY CHILD.** You become the leader or the pillar of the nation. See the flag of your country, flying before you. Give your salutation to the flag. Your heart, your soul gets not only joy, it enjoys the fulfillment of the glory. Glory is a great power which makes you enjoy the wisdom and come to know the truth. My dear friends, the truth is life. Life is harmony. Each and everyone, be ready to take a honey cake and enjoy the bliss. The angels are taking the message to Mother Mary. Mother Mary is extremely pleased and happy to give her fullest blessings like a shower of rain, and ice falls. Cool down like the icy breeze. Be strong like the wind. Smile like the Sun. Do good things. Be cool like the full moon. I join myself with your joy, peace and harmony. My salutations, love for all of you. Again I tell you, you are in a paradise!

Dear Rupa,

I am very happy you have enjoyed the holiday in Austrich. Yogeswara and family who are full of joy, are very good souls. After coming to Mulheim, again I am giving you the workload; to send these letters. I am sure that you will take it as an enjoyable service to our friends. Please pass on these letters to all our friends, and I want to know whether you have sent the message to Mr. Balaji regarding the message on his voyage. Please inform him that I got the things which he sent through Ramesh. It is the **GREATEST** help for me. Don't feel tired, go on with your social work, and try to find a publisher. I am sure some miracle will happen very soon. A great treasure is within you, it is a gift of Mother Mary, Kevelaer. The angels are bringing a lot of things to you very soon. That is why I say all these miracles will happen in your life. All my sincere prayers for you.

Danke! Smile a big smile!
